personality to  
surfaces.*

HG  
CRACKER  
— DECOR COLLECTION —

---

The first major strength of the Decor Collection lies in its ability to bring artistic personality to surfaces. These tiles are not just plain slabs — they carry printed motifs, reliefs, textures, or decorative finishes that turn walls and floors into expressive surfaces.

Design

### *Artistic Expression*

---

The Decor Collection represents a perfect fusion of art and architecture, transforming every wall and floor into a living canvas. Each tile is crafted to reflect elegance, individuality, and creativity, turning ordinary spaces into extraordinary experiences. With intricate designs and refined color tones, the collection captures the timeless beauty of ceramic artistry.

Drawing inspiration from natural textures, floral patterns, and geometric harmony, every tile in this collection celebrates the raw essence of craftsmanship. Subtle tones meet detailed engravings, offering a touch of organic beauty that enhances both modern and traditional interiors. The delicate interplay of light and shadow brings depth and sophistication to any decor theme.

DECOR COLLECTION

THICKNESS 9 MM

600X1200MM

The Decor Collection embraces contemporary design trends without losing its artistic roots. Whether it's minimalist Scandinavian interiors, luxurious marble-inspired walls, or bohemian patterns, these tiles complement every lifestyle.

Each tile is produced using advanced digital printing and glazing technology, ensuring precision, durability, and vibrant detailing. The matte and glossy finishes add dimension and character, making every piece stand out with a tactile allure.

*Designed for  
Modern Aesthetics*

## *A Blend of Art and Functionality*

Each tile is produced using advanced digital printing and glazing technology, ensuring precision, durability, and vibrant detailing. The matte and glossy finishes add dimension and character, making every piece stand out with a tactile allure.
